

LAKE COMO SCHOOL OF ADVANCED STUDIES

LINEAR SYSTEMS ON IRREGULAR VARIETIES

Villa del Grumello (Como) – June 05th – 09th 2017

Lecturers:

- **Miguel Ángel Barja** (Universitat Politècnica de Catalunya)
“Numerical invariants of continuous systems”
- **Rita Pardini** (Università di Pisa)
“Paracanonical systems”
- **Christian Schnell** (Stony Brook University)
“Kodaira dimension of algebraic fiber spaces over abelian varieties (after Cao and Paun)”

...with a poster session for
young participants

The School is sponsored by:

- Lake Como School of Advances Studies
- Insubria International Summer School IISS
- Group GNSAGA of INdAM
- FIRB 2012 “Moduli Spaces and Applications”
- DipSAT, University of Insubria
- Department of Mathematics and Applications, University of Milano Bicocca
- Department of Mathematics “F. Enriques”, University of Milano
- Department of Mathematics “F. Casorati”, University of Pavia
- Ph.D. School of Mathematics - University of Milano
- Ph.D. School of Mathematics - Consortium of Milano Bicocca, Pavia, INdAM

Scientific and Organizing Committee:

- Sonia Brivio “Università di Milano Bicocca”
- Andrea Cattaneo “Università dell’Insubria”
- Elisabetta Colombo “Università di Milano”
- Paola Frediani “Università di Pavia”
- Lidia Stoppino “Università dell’Insubria”
